This will help Kids Living Well members know about what other organizations are</p>	

		<p>doing that new and will assist in our planning.</p> <p><b>Questions:</b>  Mary Dodd: What does it cost to receive these crisis services? Do you seek Medicaid reimbursement?  Cindy Tucker asked to hear about the process and length of time required to start receiving counseling services.  From Susan Millea-Austin: In the Success by 6 LT meeting yesterday, concern was expressed about very young children and the trauma they have experienced, complicated by their invisibility because they are not connected to care systems. How does Integral Care reach out to families (MCOT or Child/Family); or communicate to young families how to seek care?  Sarah McCafferty: Can you talk about your policy and practices around working with people who are experiencing psychosis but might not be expressing explicit suicidal ideation?  Marisol Acosta: When we have a client in crisis on a Friday afternoon (end of day) or after hours: Do you recommend calling MCOT or EMCOT?  Mary Dodd: Do you also connect children and families to providers other than Integral Care?  For additional questions: Samantha.Montemayor@integralcare.org  Cindy Tucker: Can a PCP call and ask for a PT to be admitted to the MHU? Nicholas Kendrick, Dell Children's Medical Center says the PCP can call and request a doctor to doctor be completed for admission to their mental health unit if they have availability. They would just need to have seen that doctor within 72 hours. They need to call the admissions line at 512-324-0029  Cheryl send out both sets of slides to the KLV group email.</p>	
6.	Adjourn 10:30am	<p><b>Next Meeting:</b> July 29, 2021  <b>Next Meeting Location:</b> via Zoom</p>
